Lovely Board Book

We have a Board Book we truly excited to share ... Sylvia Long's Book Hush Little Baby is an exciting addition to any young child's library. It is written to in the style of the infamous lullaby, but Long adapts the words to encourage an appreciation for nature and small wonders. Crickets, the evening sky and shooting stars replace diamonds and rocking horses. The illustrations of the little bunny and his mother done in water colour paints are lovely. Singing the new words to the old melody at bedtime is a sure recipe for sweet dreams.
