Personalized Sterling Silver Jewelry

As if we don't get enough of our kids 24/7, we need to wear their names on our jewelry? YES, we do!!

Alli's Originals gives moms a way to show off their "momminess" on beautiful sterling silver pieces that are customized with your child's name, initials or a symbol. You choose. Alli offers several

designs including the "Wear your heart out" (left) that I love! I have Sebastian printed on one side (my son) and Madelyn printed on the other (my daughter).

This is a **great gift for new moms**. You can have baby's name printed on one side and her birth date on the other.

Also available are personalized bracelets, gifts for teachers, pet ID tags, and a la carte 'disks' to add to your Alli's Originals piece.

What a great idea!
