

Some of my favorite new jewelry comes from [Alli's Originals](#). Located in the beautiful city of Toronto, **Alli Grosberg** specializes in personalized sterling silver jewelry. There are so many lovely jewels to choose from for your favorite people. Alli works with only the very finest in materials including sterling silver, swarovski crystals, fresh water pearls and semi-precious stones.

Alli made me a beautiful necklace with the names of my daughters on it. Everyone comments on it and I would have to agree with one of the motto's of **Alli's Originals**....it is truly wearing your heart on your sleeve. She can put together a wonderful treasure for the teacher in your life, children, mothers, grandmothers and even pets. **Alli** even has a collection of Hebrew jewelry which can be customized as well.

Gorgeous custom work by a very creative artist...what more can you ask for?
